

## NORML – Medical Marijuana Trends – Chart Notes

**REG** = Registry Card **BUY** = Dispensaries **WORK** = Pee Test Protections **TRAVEL** = Card Reciprocity

**DRIVE** = License Protections **HOUSE** = Renter Protections **TXPLT** = Transplant Protections **KIDS** = Child Custody Protections

**ALABAMA (Failed in 2009/2010):** Spasticity must be multiple sclerosis. Some leniency for “for any other ailment.”

**ALASKA:** All Alaskans are protected for 1 ounce of personal possession in the home.

**ARIZONA (Voting in 2010):** No home growing if within 25 miles of a dispensary. WORK protections have “unless it violates federal law” loophole.

**CALIFORNIA:** Limits of 6 mature plants and 8 ounces are “a floor”.. “For any other ailment” language allows for all conditions even when not specifically named.

**COLORADO:** Dispensaries must now produce 70% of their cannabis “in house”.

**CONNECTICUT (vetoed):** 4 plants must be less than four feet tall. Seizures must be epilepsy.

**DELAWARE (Failed in 2009/2010):** WORK and HOUSE protections have “unless it violates federal law” loophole.

**DISTRICT OF COLUMBIA:** No home growing.

**HAWAII, MICHIGAN, MISSOURI, MONTANA, NEVADA, RHODE ISLAND, WISCONSIN:** No special circumstances.

**ILLINOIS (Failed in 2009/2010):** WORK and HOUSE protections have “unless it violates federal law” loophole.

**IOWA (Failed in 2009/2010):** WORK and HOUSE protections have “unless it violates federal law” loophole.

**KANSAS (Failed in 2009/2010):** WORK and HOUSE protections have “unless it violates federal law” loophole.

**MAINE:** Pain must be “intractable”

**MARYLAND (Failed in 2009/2010):** No home growing. Some leniency on “for any other ailment.”

**MASSACHUSETTS:** “A” caregiver may be reimbursed could equal limited sales.

**MINNESOTA (vetoed):** No home growing, qualifying conditions must be “terminal”, WORK and HOUSE protections have “unless it violates federal law” loophole.

**MISSISSIPPI:** 30 grams in possession per mature plant.

**NEW HAMPSHIRE (vetoed):** Conditions must be chronic or terminal with the listed symptoms. Pain must not have responded to conventional medications.

**NEW JERSEY:** No home growing.

**NEW MEXICO:** May possess more plants with recommendation, some leniency for “any other ailment” if it is terminal.

**NEW YORK (Failed in 2009/2010):** No home growing. Strong support on “for any other ailment.”

**NORTH CAROLINA (Failed in 2009/2010):** 100 square foot of canopy for plant limit.

**OHIO (Failed in 2009/2010):** HOUSE protections have “unless it violates federal law” loophole. 200 grams in possession.

**OREGON:** Originally set limits as 3 plants and 3 ounces, later amended to 6 plants and 24 ounces, traded for affirmative defense. Likely to pass dispensary measure in 2010.

**PENNSYLVANIA (Failed in 2009/2010):** Some leniency on “for any other ailment.”

**SOUTH DAKOTA (voting in 2010):** Pain must be “intractable”. WORK and HOUSE protections have “unless it violates federal law” loophole.

**TENNESSEE & VIRGINIA:** Bills contained “prescription” language and would therefore be moot even if passed.

**VERMONT:** Spasticity must be multiple sclerosis.

**WASHINGTON:** Originally set limits as a “60 day supply”, later determined to be 15 plants and 24 ounces. No registry = arrest possible.
